Subject: microsoft settlement

As an ordinary citizen and member of the military I've sworn to uphold the constitution of the U.S.A. I'm disgusted and appalled by the continued harrassment of Microsoft and its shareholders by the United States Government.

Anyone with a basic understanding of economics knows that there is no such thing as a monopoly in a free market. To penalize the creative and successful is barbaric, un-American and comparable to an act of terror.

If liberty and justice are to prevail the US Government must immediately dismiss all anti-trust charges against Microsoft and any other corporation or individual.

Sincerely,
Joseph Kane
